

**SANITIZE YOUR
HANDS**

**SAVE LIVES
STOP COVID-19**

STOP&CLEAN HAND SANITIZER

In order to avoid the spread of infections and decrease the risk of getting sick, hands should be cleaned frequently and thoroughly with an alcohol-based hand rub or washed with soap and water, advises World Health Organisation (WHO). Protect your customers and staff with STOP&CLEAN hand sanitizer dispenser unit.

STOP&CLEAN unit is self-standing touch-free hand sanitizing dispenser that offers a convenient way for your customers and guests to keep their hands clean.

Where to use: ideal for use in high traffic areas or wherever crowds gather.

We believe, that this is a crucial unit, that should be installed in shops, wholesale and offices to keep COVID-19 from spreading.

STOP&CLEAN hand sanitizing dispenser was designed to be easily noticeable and remind customers, staff and guests to disinfect their hands.

STOP&CLEAN hand sanitizing dispenser can be fully customizable for your company visual identity.

STOP&CLEAN HAND SANITIZER

Why STOP&CLEAN hand sanitizing dispenser?

- STOP&CLEAN unit is hand-free sanitizing dispenser. Integrated sensor installed in the unit will recognise inserted hand, that will activate the device and will insure no physical contact with the dispenser;
- The intelligent technology installed in STOP&CLEAN hand sanitizing dispenser provides the possibility to follow the consumption of the disinfectant in real time. In addition, it sends an e-mail notification to the staff, when disinfectant level in the container reaches 50%, 25% and 10%;
- STOP&CLEAN hand sanitizing dispenser distributes equal quantities of disinfectant per motion activation, this enhances efficiency and prevents waste;
- The safety lock prevents unauthorized access;
- One refill provides 10 000 sprays;
- The ability to use disinfectants from different manufacturers;
- STOP&CLEAN hand sanitizing dispenser can run on batteries, so it can be placed anywhere where it is required;
- STOP&CLEAN unit is available in three different sizes.
